It's Time To Take Action

To address the impending shortage of tradespeople, Dakota Supply Group (DSG) has established the DSG Education Connection Fund to provide scholarships for those who wish to join the trade industries.

Careers include: electricians, HVAC technicians, plumbers, utility workers, communications technicians and more. Multiple scholarships will be given away each spring, reflecting the broad geography of DSG's service area.

Helping Build A Future — *FOR ALL OF US!*

At DSG, we understand that tradespeople are the engine that drives industry, and we're asking for your help to keep that engine running strong.

Every Donation Counts

No matter what your relationship is to the trades, supporting these industries is now more important than ever. It's an unfortunate fact that presently, young people (and their parents) rarely list the trade professions at the top of their career choices.

The result? An imminent shortage of qualified tradespeople. The DSG Education Connection Fund was developed to proactively address this problem. Your contributions can make the difference. The scholarships offered by this fund will provide the right connections for recruiting and training young, knowledgeable tradespeople in the years to come.

To make a contribution to the DSG Education Connection Fund, please fill out the donor card attached and mail it to the indicated address.

For more information on the DSG Education Connection Fund, please contact:
